Attachments: Class V Draft Area Permit - V2.0 All Comments Addressed - Clean.docx; Class V Draft Area Permit Fact Sheet - V2.0 All Comments Addressed - Clean.docx

Omar:

Here are the final versions of the Dewey-Burdock Class V Draft Permit and Fact Sheet ready for your 508 review. These versions should have no Comments and no Tracking – let me know if something shows up that I need to fix.

Sarah/Douglas/Valois:

If you feel like making only a quick/partial review, just make sure that the PN process and the ESA Mitigation Measures in the Fact Sheet look right. Those were the last edits I made. If you'd like to review how I addressed our internal comments, I have a tracked version saved that has my edit notes – we can go through them whenever you are ready.

Thank you, all!
